

NEWS RELEASE

AZEUS SECURES TENDER TO PROVIDE ENHANCEMENT OF THE E-TENDERING SYSTEM TO THE HONG KONG GOVERNMENT DEPARTMENTS

- ***HK\$17.2 million (US\$2.2 million¹) contract for the Combined System Development Services for e-Tendering System***

Singapore, 1 September 2026 – Azeus Systems Holdings Ltd. (“**Azeus**” or the “**Group**”) announced that it has secured Standing Offer Agreements (the “**Agreements**”) for the supply of IT professional services to the Hong Kong SAR Government. This is in relation to Combined System Development Services for the enhancement of the e-Tendering System for the Financial Services and the Treasury Bureau (“**FSTB**”) and the Development Bureau (“**DEVB**”).

The contract will cover design and system implementation services, additional system enhancement services for the e-Tendering System, and system maintenance and support for three years. The implementation work commenced in August 2026, with majority of the revenue to be contributed from the second half of this financial year until FY2028. The maintenance and support service will commence after the implementation, up to FY2030.

Mr Lee Wan Lik, Executive Chairman and Director of Azeus, said, “We are honored to have been awarded the contract by the Hong Kong SAR Government. This engagement reflects the confidence placed in Azeus' capabilities in delivering secure, reliable and mission-critical digital solutions for the public sector. We look

¹Based on the conversion rate of HK\$1 = US\$0.13, rounded to one decimal place

forward to supporting the Financial Services and the Treasury Bureau and the Development Bureau in enhancing their e-Tendering systems, contributing to greater operational efficiency, transparency and digital transformation in public procurement.”

About Azeus Systems Holdings Ltd.

Azeus, a global leader in software products and services, has been publicly listed on the Singapore Stock Exchange mainboard for over two decades. With Asian and European head offices in Singapore, London, and Madrid, and sales offices spanning Asia, the US, Canada, Australia, Africa, the Middle East, and South America, Azeus delivers innovative IT solutions to prominent organizations and government agencies in more than 100 countries.

Since 2003, Azeus has been appraised at the highest level (Level 5) under the Capability Maturity Model Integration (CMMI) for Software Engineering (CMMI-SW).

Convene, the Group’s flagship product, is a leading paperless meeting solution with clients in more than 100 countries under Azeus’ IT Services segment. The Group designs and implements a wide range of IT software and systems. The Group continues to invest in R&D and expand its product offerings. These include a new platform to facilitate and enable ESG reporting and Convene Records, which has been adopted for an "All-of-Government” deployment.
